WESTERLY AND VICINITY

Westerly Still Leads In Conn.-R. I. League—Customary Parade Planned For Labor Day—Drink Results In Quarrel and Fine.

Senator Louis W. Arnold of Westerly created a mild sensation Friday evening at the closing special session of the general assembly, which had been called for the purpose of acting upon the report of the redistricting commission, convening at Tuesday, and which adjourned Friday. Senator Arnold has represented Westerly for many years, and by reason of his popularity has won over several occasions when opposed by organized opposition, and there are many in Westerly who believe that he cannot be defeated as a candidate for senator, and that when he retires it will be by his voluntary action.

Therefore, there is much interest manifested in local political circles to ascertain whether Senator Arnold will be a candidate for renomination, and there is some talk to those opposed to the senator in a remark made on Friday night, when he freed his mind in an attack upon the finance committee of which he is chairman. The attack was made while the senate was discussing an appropriation of \$5,000 to continue the pollution investigation by the shellfish commission. The senator was so indignant at his co-members that a recess was taken so that the committee might consider several bills that carried carried appropriations. He refused to meet with the other members. Senator Arnold, who was not in his seat when the session resumed, after two attempts gained the attention of the chairman of the senate and said:

"I hope I may be excused for not being in my seat as I have been taken suddenly ill. But I must say to you that all the members of the senate finance committee agreed, every one of them that they would not favor or report any resolution making any appropriation."

"I have never tried to hinder the republican party. I believe my fellow senators think I am a square man. I never have tolerated graft. I can look every man in the eye."

"I understand that the districting commission has asked an appropriation of the members of the senate finance committee pledged themselves to me in the committee room to receive that report and file it in the archives of the committee."

"It was a surprise to me to know that Mr. Jilison and such other men as the one from Woonsocket, would accept half a loaf. If I were those I would say: 'Give us the just pay or none. I would dislike to be weighed and found wanting.'"

"The finance committee of the senate is a nonentity and should be legislated out of office. As a business man of the state I like to see such conditions. I would like to see a single man here stand up and say: 'No graft for me.'"

"Perhaps I shall never be a member here again. But I am glad that I have had an opportunity to express my views."

Erastus Brown and his wife Clio, who have been doing a sketch turn at a local playhouse during last week, created quite a disturbance at their boarding house in Pond street, early Sunday morning, and Sergeant Brown and Policeman Mitchell were called.

They found Brown on the floor being held down by the landlord, awaiting the arrival of the officers. Mr. and Mrs. Brown had been drinking and got into a row which resulted in Erastus drawing a razor and threatening to carve Clio. The dusky wife escaped from the enraged Erastus, ran into a bedroom and closed the door to escape being carried into a ribbion.

The officers arrested Erastus and Sunday morning he was arraigned before Judge Williams in the Third district court and pleaded guilty to carrying a dangerous weapon. He paid a fine and costs amounting to \$12.50, and was released. Mr. and Mrs. Brown, left on an afternoon train for New Bedford, where they will play an engagement this week.

The fourth town meeting in connection with the project of improving Union street will be held this (Monday) evening, and it is expected that final disposition of the whole matter will be made.

According to the report of the Pawcatuck fire district assessors, there was not one dwelling erected within the district of that village during the past year, hence there was no increase of rate in the grand list except what was added by the increase of the plant of C. R. Cottrell & Son, who have a year hence, as now there are many dwellings in course of construction, being in plain view from the railroad trains in Moss street and vicinity.

CHOCOLATES

Chocolates and Bon Bons that as you eat them taste good, the taste lingers, forms a pleasant mental impression so that the next time you have that hankering for chocolates you instantly think how good those last Chocolates were that you bought from The Lee & Osgood Co. They were made by Park & Tilford of New York. If you could see the inside of the Park & Tilford Candy Factory you could fully appreciate why their confectionery tastes so good—everything is spotlessly clean, light and sanitary, and the girls who handle these goods wear bright, white uniforms and handle each piece of chocolate with chocolate cones instead of with their fingers. They come to you clean and bright, and as you munch them the chocolate crackles and you get that fine flavor of the pure fruit cream centers that makes a smile of contentment steal over your face as you say, "Arr! these chocolates made by Park & Tilford perfectly elegant!" and you bought them at

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twentytwo per cent., or nearly one-quarter, die before they reach one year; thirtyseven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."

Dr. Frederick D. Rogers, of Chicago, Ill., says: "I have found Fletcher's Castoria very useful in the cure of complaints of children."

Dr. William C. Bloomer, of Cleveland, Ohio, says: "In my practice I am glad to recommend your Castoria, knowing it is perfectly harmless and always satisfactory."

Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria for my practice for many years with great satisfaction to myself and benefit to my patients."

Dr. Edward Farrah, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."

Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."

Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."

Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments."

Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency and merits."
